The Problems of Poverty **Answers**

Both of the pictures below show people in poverty. Annotate these pictures to show the problems these people face as result of poverty.

Image 1:

Students may highlight the poor water supply, poor quality housing and a lack of other amenities. These things may be taken further to infer problems such as malnutrition and the easy spread of disease.

Image 2:

Students are likely to highlight the gap between rich and poor. The lady begging obviously has very little compared to the other people on the street.
