

# Bendy Numbers

**How to play:** Bend string, pipe cleaners or wool to create each numeral 0-10. By placing two pipe cleaners/pieces of wool or string beside each other see if you can create the numerals 10-30.

**Resources Included:** 1 instruction card.

**Resources needed from home:** 2 pipe cleaners, 2 pieces of string or two pieces of wool.

**Key skills involved in this game:** To recognise numerals to 30.

**Vocabulary/key questions to ask:** what number have you made? Number names 0-30, what number comes before/after that number? Which number is the biggest/smallest

**Extra challenge:** Can you create some numbers between 30-100? Can you make any shapes with the pipe cleaners?
