

Pretty Patterns

How to play: Can you create some repeating patterns using objects at your house? Use some cutlery (knives, forks and spoons) to create a repeating pattern - get an adult to check it. Can you create a colour repeating pattern using some of your toys (for example teddies or toy cars)?

Resources Included: 1 instruction card.

Resources needed from home: cutlery, toy teddies or toy cars, other objects to create repeating patterns with e.g. conkers, stones, sticks, shoes, socks.

Key skills involved in this game: Creating repeating patterns.

Vocabulary/key questions to ask: what type of pattern have you made? (colour, shape, item etc) What would come next in your pattern?

Extra challenge: Can you think of any different repeating patterns that you could make? Can you write a repeating pattern using numbers e.g. 3,2,1,3,2,1?
